*"We must come to a point in our lives when we realize that even though God's love is not conditional upon us winning the lost, His heart is for the lost. If His heart is for the lost, then our hearts must be as well."*

## CURRENT FRANCE UPDATES

Our fall has been full and we would like to share some of the testimonies:

- Communauté Chrétienne de Douvaine began meeting in a new facility with more space and a better location.
- Hosted 3 short term missionaries with a wonderful ministry and time of encouragement.
- Participated in "The Turning," a European personal evangelism event. Sent 12 people out into the streets of our village. Saw 4 salvations and shared the gospel 50 + times and prayed a prayer of blessing or healing with many. United with another local church and experienced an incredible sense of unity as we reached into our community together.

God is continuing to work to bring in the harvest in France thanks to your prayers and partnership!!

## PRAYER POINTS

- Laborers: that God is continuing to build the team for Salley Ministries and Communauté Chrétienne de Douvaine
- Wisdom, vision, and strategy in reaching the harvest. That we would continue to reach the lost and make more disciples!
- Financial Needs - education needs of our children (\$13,643 remaining 2021/2022 school year)

↙ **BIG NEWS** ↘

**OUR PO BOX IS CHANGING, BUT OUR FRENCH MINISTRY RESIDENCE IS THE SAME!**

Our stateside mailing address is changing, but our french ministry and residence is the same! Cornerstone Church of Dothan Alabama and Pastors Bobby and Stephanie Marks have been our home church/pastors for over 20 years. We are so very grateful for all that our Dothan family has done over the years to help us thrive in ministry and missions. Though Pastor Bobby will continue to be on our Salley Ministries board, after much thought and prayer we have decided to move our stateside offices to Springfield, Missouri. Our move was a logistical one, that will allow us to be nearer to both of our families when we make our oftentimes quick visits back to the states. Please update your address books and giving information. Thanks so much for your continued and faithful partnership as we reach the villages of France!
